

ABORIGINAL CULTURAL HERITAGE PROTECTION CO-DESIGN WORKSHOP

Thursday, 7 & Friday, 8 April 2022

An online workshop bringing together Traditional Owners, government and industry representatives, heritage professionals and co-design experts to discuss a 'co-design' approach specific to the *Aboriginal Cultural Heritage Act 2021 (WA) (ACH Act)*.

The intended objective of the workshop is to have an Aboriginal-led conversation with other relevant stakeholders about what 'co-design' truly is, and what it means to them. This can then be presented to the State Government, with the aim of better informing how it should most appropriately undertake co-designing and developing the statutory guidelines and regulations associated with the ACH Act.

Day 1 - Thursday, 7 April 2022 (9:00am - 4:00pm)

WA Prescribed Bodies Corporate (PBCs) and WA Alliance organisations only discussions

Traditional Owner representatives from WA PBCs and WA Alliance organisations (and their nominated support staff) to come together to hear from co-design experts, share their stories, and discuss what 'co-design' means to them.

Day 2 - Friday, 8 April 2022 (10:00am - 3:00pm)

Collaboration with other stakeholders to identify a way forward

Traditional Owners and other stakeholder participants to further collaborate on and refine a response that can inform the State Government's approach to co-designing the associated regulations and implementation of the *Aboriginal Cultural Heritage Act 2021 (WA)*.

The workshop will be delivered via our interactive virtual portal. Please note, to participate in the workshop you will need access to a computer, iPad/tablet, or smartphone. Technical support is available; should you require assistance, please visit the event registration page.

This is a registration only event.
